

Pets

Create a "Pet Plan" outlining how your pets will be cared for if you cannot get to them or cannot take them with you in an urgent situation.

You and your children should create a pet disaster kit for the home and your automobile if your pets travel with you.

- Pet food and treats
- Drinkable water in plastic bottles
- Can opener for canned food
- Pet medications and medical records in a waterproof container
- Sturdy leashes, harnesses and/or carriers, so you can move your pets safely, and they can't escape (remember - they may be scared, and may act different than usual).
- Current photos of your pet in case they get lost
- The name of your veterinarian
- Pet beds and toys, if there is room
- All your pets should have an identification tag and collar, too
